Help Us Help You!

Dear Colleagues:

The Nurse Practitioner Healthcare Foundation (NPHF) is committed to supporting Nurse Practitioners nationwide by providing you with educational resources that support your personal and professional development goals. Please help us understand your educational needs by completing this [Needs Assessment](#). The Assessment is designed to:

- > Highlight the resources and training you need to overcome practice and patient care challenges, and
- > Identify your preferred learning formats and educational topics of interest.

The data collected will help us develop effective CE that will be made available to you in the near future.

The Survey should take no more than 10 minutes to complete. Upon completion, your name will go into a drawing to receive a \$100 AMAZON gift card. We will announce 2 lucky winners on April 25, 2017.
