

Nurse Practitioner Healthcare Foundation

Congratulations to Florida ARNPs on gaining prescriptive privileges for controlled substances. Effective August 1, 2016, all Florida ARNPs must complete at least 3 hours of CE on safe and effective prescribing of controlled substances for each biennial renewal, whether or not the NP plans to submit to the DEA. Attend one of these courses presented by NPHF, in partnership with Contemporary Forums, and be ready to prescribe in January, 2017 and/or meet the requirements for ARNP license renewal:
