

Nurse Practitioner Healthcare Foundation

Do Your Patients Know How to Dispose of Used Needles Safely?

The Nurse Practitioner Healthcare Foundation is proud to support public health efforts to achieve safe sharps disposal. Visit <https://safeneedledisposal.org> for guidance on how to dispose of home-generated, used sharps correctly.

Medical sharps include: needles, syringes, lancets, auto injector pens, infusion sets, or connection needles/sets. According to the U.S. Food and Drug Administration, sharps that are not disposed of properly may cause injury. Learn how to safely dispose of sharps today!
